

## UCSB changes in major preparation for 2017-18 and 2018-19 articulation agreements

The latest articulation agreements published on the ASSIST website are for 2016-17. The following is a list of changes to lower-division major requirements at UCSB in 2017-18 and 2018-19.

Since some courses at community colleges and UCSB have changed, there are new, terminated, and changed articulations that are not on the 2016-17 articulation agreements. Notes have been added to 2016-17 for some of them, particularly those that are required for admission. We are working on making 2017-18 articulation agreements available on our website so that people will be able to see the changed course articulations for 2016-17.

**UCSB's selective majors** in the College of Engineering and the College of Letters and Science all have the **admission selection criteria** listed on the 2016-17 major articulation agreements. If there were changes to the admission selection criteria, those are explained in notes, so you can find admission selection criteria for fall 2019 on the 2016-17 articulation agreements. These are the selective majors:

**College of Engineering** – all majors

**College of Letters and Science** – Aquatic Biology, B.S.; Biochemistry-Molecular Biology, B.S.; Biology, B.A. & B.S.; Cell and Developmental Biology, B.S.; Ecology and Evolution, B.S.; Economics and Accounting, B.A.; Economics, B.A.; Mathematical Sciences, B.S.; Mathematics, B.A.; Mathematics, B.S.; Microbiology, B.S.; Pharmacology, B.S.; Physiology, B.S.; Zoology, B.S. (Dance, B.A., Dance, B.F.A. and Music, B.M. require auditions for admission.)

Information about all majors can be found in UCSB's general catalog:

<https://my.sa.ucsb.edu/catalog/Current/Index.aspx>

Any questions can go to Dawn Hovey at [dawn.hovey@sa.ucsb.edu](mailto:dawn.hovey@sa.ucsb.edu) .

The changes, or lack of changes, below are only for UCSB major requirements. There could still be articulation changes at the community colleges even if a major says "No changes".

### COLLEGE OF CREATIVE STUDIES

**Creative Studies – Art, B.A.**

**Creative Studies – Biology, B.A.**

**Creative Studies – Chemistry and Biochemistry, B.A. & B.S.**

**Creative Studies – Computing, B.S.**

**Creative Studies – Mathematics, B.A. & B.S.**

**Creative Studies – Music Composition, B.A.**

**Creative Studies – Physics, B.A. & B.S.**

**Creative Studies – Writing and Literature, B.A.**

Major requirements for Creative Studies majors are not listed in ASSIST. Please visit the College of Creative Studies website for information on these majors. [www.ccs.ucsb.edu](http://www.ccs.ucsb.edu)

A supplemental application is required.

## **COLLEGE OF ENGINEERING**

### **Chemical Engineering, B.S.**

2017-18: No changes to major but started allowing CMPSC 16 instead of ENGR 3 as part of the admission selection criteria for students unable to take a course articulating with ENGR 3. (CMPSC 16 does not satisfy a major requirement.)

2018-19: No changes

Admission selection criteria are described on the 2016-17 articulation agreement. The Advisory Note for Fall 2018 Applicants also applies to fall 2019 applicants.

### **Computer Engineering, B.S.**

2017-18: ECE 2A-B-C are no longer offered at UCSB so they were removed from the agreement. ECE 10A-AL articulations were all terminated, therefore ECE 10A-AL were removed from the “Strongly Recommended” list. However, we still recommend that students take Circuits courses as preparation for taking ECE 10A-AL at UCSB.

2018-19: No changes

Admission selection criteria are described on the 2016-17 articulation agreement. The Advisory Note for Fall 2018 Applicants also applies to fall 2019 applicants.

### **Computer Science, B.S.**

2017-18: No changes

2018-19: No changes

Admission selection criteria are described on the 2016-17 articulation agreement

### **Electrical Engineering, B.S.**

2017-18: ECE 2A-B-C are no longer offered at UCSB so they were removed from the agreement. ECE 10A-AL articulations were all terminated, therefore ECE 10A-AL were removed from the “Strongly Recommended” list. However, we still recommend that students take Circuits courses as preparation for taking ECE 10A-AL at UCSB. Some of the courses that articulated with 10A-AL now articulate with ECE 5. Started allowing students to take CMPSC 16 or ENGR 3 instead of requiring both for admission purposes, but students are strongly recommended to take both prior to transfer if they can.

2018-19: No changes

Admission selection criteria are described on the 2016-17 articulation agreement. The Advisory Note for Fall 2018 Applicants also applies to fall 2019 applicants.

### **Mechanical Engineering, B.S.**

2017-18: Added ME 12S as a major requirement (not articulated and not required for admission) Started allowing CMPSC 16 instead of ENGR 3 as part of the admission selection criteria for students unable to take a course articulating with ENGR 3. (CMPSC 16 does not satisfy a major requirement.)

2018-19: No changes

Admission selection criteria are described on the 2016-17 articulation agreement. The Advisory Note for Fall 2018 Applicants also applies to fall 2019 applicants.

## **COLLEGE OF LETTERS AND SCIENCE**

### **Actuarial Science, B.S.**

2017-18: PSTAT 10 was added as a major requirement (not articulated and not required for admission)

2018-19: ECON 3A was added as a recommendation – not required for the major

### **Anthropology, B.A.**

**Anthropology, B.A. – Archaeological Emphasis**
