

College of Alameda IGETC 2012-2013

Intersegmental General Education Transfer Curriculum Advising Form

Name: (please print) _____ ID#: _____

THIS DOCUMENT IS SUBJECT TO CHANGE. SEE A COUNSELOR EACH SEMESTER TO STAY CURRENT.

Completion of IGETC satisfies all lower division general education requirements at most CSU and UC campuses, and at some Independent Colleges and Universities. It is not an admission requirement nor is it the only way to fulfill lower division general education requirements.

CERTIFICATION: College of Alameda can provide full certification (completion of requirements in every area) or partial certification (completion of requirements in one or more areas). All courses **MUST** be completed with a grade of "C" or better. Students should request IGETC certification when requesting their transcripts to be sent to the UC or CSU campus of their choice during the final term before transfer.

CAUTION: IGETC may not be the best option for transfer, particularly for majors such as Engineering, Computer Science, Biology, and Business. See a counselor for more information. UC COLLEGES and MAJORS that **do not accept or recommend** the use of IGETC: **Berkeley:** Haas School of Business; Colleges of Chemistry, Engineering, and Environmental Design. **Davis:** College of Engineering; Division of Biological Sciences, and majors in the College of Agricultural and Environmental Sciences and the College of Letters and Sciences that require substantial math and science preparation, such as: Chemistry, Environmental Toxicology, Food Science, Nutrition Science, Physics, Viticulture and Enology, etc. **Irvine:** Students entering majors that require specific or substantial preparation, such as science majors, may use IGETC but need to give priority to completion of lower division preparation courses. **Los Angeles:** School of Engineering and Applied Science or the School of Nursing. **Merced:** IGETC is not recommended for majors in the School of Engineering and Natural Sciences. **Riverside:** The IGETC is not appropriate for students entering the College of Natural and Agricultural Sciences or the Bourns College of Engineering. **San Diego:** Students choosing majors that require specific and substantial lower division preparation, as in the Jacobs School of Engineering, may use the IGETC. However, lower division degree requirements should also be emphasized in transfer program planning. IGETC is accepted at Earl Warren, John Muir, Sixth, and Thurgood Marshall Colleges. Students who follow IGETC are welcomed at E. Roosevelt and Revelle Colleges. However, they must meet specific graduation requirements of those colleges. **Santa Barbara:** IGETC is not appropriate preparation for transfer into the College of Engineering and the Computer Science major in College of Letters & Science. **Santa Cruz.**

Students are encouraged to see a counselor by appointment to discuss transfer and the IGETC option as part of an education plan. Counselors are available by appointment through the Counseling Office located on the first floor of Building A, (510) 748-2209.
