

Online/Hybrid Courses

ONLINE COURSES require students to have access to a computer with an individual e-mail account and access to the World Wide Web. To access the class information, follow the link under the course listings, or type in the URL address. Most of the course work is done online; however, some limited on-campus meetings may be required. A mandatory orientation is required, which provides information on contacting the instructor, course requirements, and student responsibility. Additional information about the courses is offered online at www.merritt.edu/onlinecourses. Students may register for telecourses or online courses during the regular registration period. *Transferable
