

Would you like to take images of living organisms just like these?  
Sign up for Biosci 101 this Fall!

# BIOSCI 101

Theory and Practice of Microscopy

Course #44812 MW 7-9 pm 6 units located in S111/S110

Choose lab A #44813 MW 4-7 pm or lab B #44814 Sat 10-4 pm

## Merritt College Biosciences

Do you want a career in biotech, histotech or biomedical research? Start here! This is project-based, hands-on class. You will use cutting-edge digital fluorescent microscopes, and learn about exciting career path options. This is also the foundational class for the Microscopy certificates and the Histotechnician Certificate.

Merritt College is a Community College located in the Oakland hills. We are affordable, we offer financial aide, and all sorts of excellent student support.

**Discover your passion! Be part of medical cures and scientific discoveries!**

**No previous experience in science is necessary!**
