**Other program specific data.** Other data could include: departmental research via survey or special projects that significantly supports the goals or future plans for the program.

# IV. Aligning Program Goals, Activities and Planning

*Purpose:* In this section, you will align your program, department or unit goals with the Educational Master Plan goals. You will also be asked to comment on how your department, unit or program is helping the College to achieve the targets set by the Equity, SSSP and Basic Skills Plans.

1. Educational Master Plan Alignment: Please use the following matrix to demonstrate how your program goals align with the 2015-2020 Educational Master Plan Goals.

#### 2015-2020 EMP Goals

#### Foundations:

- 1. Assess students' strengths and needs thoroughly to accelerate completion of certificates, degrees and transfer readiness.
- 2. Support and develop programs, curriculum and services that increase completion of courses, certificates, degrees and transfer.
- 3. Establish an organizational structure that promotes coordination, innovation, and accountability, and which embeds basic skills development across the campus.

#### **Career Technical Education:**

- 1. Develop opportunities for CTE students to engage in campus and community experiences that enhance learning and student success (program-level clubs/enterprises, activities that develop soft skills, etc.) by contextualizing and proactively engaging students.
- 2. Create a Merritt-wide infrastructure that streamlines and develops employer partnerships, including offering High quality internships, serving on advisory boards, and engaging in curriculum development.
- 3. Strengthen Merritt College's "on ramps" to our CTE pathways by enhancing distance education, dual enrollment, adult education, contract education, etc., and provide differentiated supports that ensure student success for targeted population.
- 4. Create proactive strategies to engage faculty, students, and employers to support program success and sustainability that increase student-level academic and career outcomes.

#### Transfer:

- 1. Establish fully functioning transfer center.
- 2. Acquire more and better data (Higher granularity) on transfer rates. Collect transfer data to include UC, State, and Private institutions.
- 3. Augment and strengthen specific partnerships with academic departments in CSUs, UCs, and privates to develop transfer pipelines.
- 4. Augment and strengthen support services for transfer students campus-wide.
- 5. Augment and strengthen support for transfer students within academic programs.

Directions: 1) input your program and department goals. 2) Identify which area of the Ed Master Plan this Goal aligns to – Foundations, Transfer and/or CTE. Describe the activities your department or program will complete to meet the goal. 5) What standard or goal do you think the activities will help the college achieve as a measurable outcome (Completion rate, degree/cert completion, transfer, remedial rates). Place and X in the standard(s) and/or goal(s) your program activity will impact.

- 2. Student Equity, Student Success and Support Program (SSSP), and Basic Skills Target Groups: These plans analyzed student success outcomes and disproportionately impacted student populations. The chart below outlines the results of this analysis, and is a summary of the student populations and focused outcomes that the College indicated it would like to increase as a result of the Student Equity Plan (E), SSSP Plan (S), and Basic Skills Plan (B).
  - a. As a program, department or unit, review your data and describe any activities you are doing to address student equity gaps and special populations in the table below. Describe the target or focused student population, the problem/observation, the activity/intervention, and the intended outcome. How does your activity align with the College's Equity, SSSP and Basic Skills Goals

(list the target group and indicator in the last box below)? In your description, please note if the activity or intervention was funded by one of these grants in the past academic year (15-16).

# V. Curriculum and Assessment Status

<u>*Purpose:*</u> In this section, you will plan for curriculum review and discuss assessment plans and findings. If your Program, Department or Unit does not have a curriculum component, please put N/A. You should reference the *CurricUNET META*, and *Taskstream*.

## **Curriculum Review Plan**

In preparation for the implementation of structured curriculum review in the 2018-2019 academic year, departments and programs are being asked this year to submit curriculum review plans, indicating when all courses and programs shall be reviewed. One-third of non-CTE curriculum should be reviewed each year, resulting in all non-CTE courses and programs being reviewed within the three-year program review cycle. Half of CTE curriculum should be reviewed each year, resulting in all CTE courses and programs being reviewed every two years in conjunction with the program review/annual program update cycle.

#### Directions

All department chairs, program directors, and full-time faculty members should have access to CurricUNET META to view the active curriculum inventory. If you don't have access, contact LaShaune Fitch, Curriculum Specialist, at <a href="https://www.lfitch.com">https://www.lfitch.com</a>.

- List all active courses, certificates, and degrees.
- Indicate which year each course, certificate, or degree shall be reviewed (including deactivations and reactivations).
- Add more rows to each table as needed.

## **Student Learning Outcomes Assessment**

Use the following table to document the results of the student learning outcomes assessment completed in 2016-2017. Please discuss which courses and PLO's were assessed, the results, changes that were made or plan to be made.

Learning Out Course/Program	tcomes Assessed in 2016-2017 Learning Outcome Assessed	Results	Changes Made (or to be made)	Status (Completed or planned date)	
Physical Geography	Understand the physical principles and processes governing the circulation and characteristics of the atmosphere and climates on Earth.	Acceptable Criteria for Success Achievement: Exceeded	The activity sheets I have created are giving me the result I want; nevertheless, I will continue to review and update them yearly.	Fall 2019	

1. What meaningful dialogue takes place in both shaping and assessing course and program level outcomes? Where can one find the evidence of the dialogue? Where can one find the evidence of the dialogue? Students evaluate classroom instruction, and the quality and usefulness of the activity sheets monthly.

The only evidence of this dialogue is student improvement over the course of the semester. Consider visiting other colleges to engage in meaningful dialogue regarding Geography

2. Attach the completed Fall Schedule Assessment Planning Template (due to CDCPD mid-September).

# VI. Additional Questions for CTE, Counseling, Library and Student Services/Admin Units

## <u>Purpose:</u> In this section, certain programs or departments will answer questions specific to the program. <u>Leave the section blank if your program</u>, <u>department or unit is not CTE</u>, Counseling, Library or Student Services/Administration.

### For CTE:

- 1. Please describe any recommendations resulting from advisory committee meetings that have occurred since your last program review.
- 2. Did your program work with a Deputy Sector Navigator and if so, how did this lead to program changes or improvements?
