

# MERRITT LANDHORT FALL 2019 CLASSES (Aug. 19- Dec. 13)

Everything is subject to change!

Revised 7/16/19

\* = class has pre-requisites\*

End Canceled Classes Now! Enroll Early!

Last Drop Day NOW (full term classes only): Sept. 2

**SCHEDULE CHANGE! LH206 now moved to Monday eve- no more LH16 conflict! Enroll now! Also, see instructors added to LH83, 85, 206**

| Class Number   | Class title                    | Instructor      | Day(s)                                     | Times                      | Room number                               | Enrollment code   | Units                   |
|--|--------------------------------|-----------------|--|----------------------------|---|---|-------------------------|
| LH1  | Introduction to Horticulture   | Lawrence Lee    | Monday                                     | 10am - 3:50pm              | H108                                      | 43113/14  | 3 units                 |
| LH1: Principles and practices of basic landscape horticulture: history, planting, soils, plant structure, propagation, maintenance. Labs (day classes only) include field work and field trips.  |                                |                 |  |                            |   |   |                         |
| LH1E   | Introduction to Horticulture   | Laura Forlin    | Tuesday                                    | 6:30- 9:20pm               | H108                                      | 43115   | 3 units                 |
| LH1E: Essentially the same class as LH1 above, except for lab hours, for which slide presentations, etc. are substituted. LH1E students may gain hands-on experience through plant propagation club, work crew days, volunteering around department (always maintenance is needed!). Such activities by arrangement- to be discussed with your instructor, and coordinated with staff. |                                |                 |  |                            |   |   |                         |
| LH4  | Plant ID: Shrubs               | Lawrence Lee    | Tuesday                                    | 10am- 3:50pm               | H101                                      | 47542/43  | 3 units                 |
| LH4E: ID & culture of shrubs used in Bay Area landscapes: climate; soil & water preference; garden culture; pest & disease problems; pruning & propagation. Slides presentations subbed for labs.  |                                |                 |  |                            |   |   |                         |
| LH5A   | Plant ID: Fall Native Plant ID | Stew Winchester | Wednesday                                  | 10am - 3:50pm              | H101                                      | 47544/45  | 3 units                 |
| LH5A: Identification and culture of fall native plants used in the landscape: Climate, soil and water preferences; garden culture; pest and disease problems; pruning and propagation.   |                                |                 |  |                            |   |   |                         |
| LH9ABC   | Sketchup Pro A, B, C           | Lifan Zhang     | Wednesday                                  | 6:30- 9:20pm               | L132- Main campus-ground floor of library | A-43255, B-43256, C-43257   | 3 units                 |
| LH9: Intro to SketchUp 3D drawing, editing and presentation techniques, B: rendering, landform modeling and virtual walkthroughs; C: applied use for professional projects   |                                |                 |  |                            |   |   |                         |
| LH11   | Plant Diseases                 | Ann Northrup    | Wednesday <b>**[changed from Thursday]</b> | 10am- 12:50pm<br>[now DAY] | H108                                      | 47546   | 3 units                 |
| LH11: Identification and control of diseases of landscape plants, both exotic and native   |                                |                 |  |                            |   |   |                         |
| LH13   | Arboriculture                  | Laura Forlin    | Thursday                                   | 10am- 3:50pm               | H101                                      | 47547/48  | 3 units                 |
| LH13E: Recommended preparation: LH 1 and LH23 Principles & practices in management of trees and shrubs, pruning, tree-hazard management, problem prevention  |                                |                 |  |                            |   |   |                         |
| LH14E  | Landscape Construction         | David McGinnis  | Tuesday                                    | 6:30- 9:20pm               | H101                                      | 47549   | 3 units                 |
| LH14: Principles and practices of landscape construction: Construction of fences, gates, decks, patios, walkways, retaining walls; construction tools, equipment, hardware; concrete & masonry work; laws & regulations; lab includes construction of above-mentioned.   |                                |                 |  |                            |   |   |                         |
| LH16   | Soil Management                | Laura Forlin    | Wednesday                                  | 6:00- 9:45pm               | H108                                      | 43309/10  | 3 units                 |
| LH16: Origin of soils, rocks & minerals; physical & chemical properties; water, plants & soils; soil fertility, organic matter and amendments.   |                                |                 |  |                            |   |   |                         |
| LH18A/18LA   | Landscape Design (Lec & Lab)   | Chris Grampp    | Lec: Tuesday<br>Lab: Thursday              | 1pm- 3:50pm                | H105                                      | 18A Lec: 43116<br>18LA Lab: 43285 (Must be concurrently enrolled) | Units: Lec: 3<br>Lab: 1 |
| LH18A: Introduction to landscape design, licensing and professional practice issues, site inventory and analysis, conceptual diagrams and preliminary plan development<br>LH18LA: Hands-on application of LH18A concepts; basic drawing techniques, site inventory and analysis exercises in the field, in-class preparation of conceptual diagrams, design development drawings       |                                |                 |  |                            |   |   |                         |
| LH23   | Plant Terminology              | Laura Forlin    | Monday                                     | 6:30- 8:50pm               | H108                                      | 43117   | 2.5 units               |
| LH23: Terminology used in ID of plants; terms relating to roots, stems, leaves, flowers and fruit used in all plant ID courses   |                                |                 |  |                            |   |   |                         |
| LH26   | Pruning                        | Pete Churgel    | 2 Sundays: Oct. 20 & 27                    | 9am- 5:45pm                | H108                                      | 48008/09  | .5 units                |
| LH26: Elements of pruning; basic pruning methods to mo more advanced techniques for pruning of ornamental trees, shrubs, vines, groundcovers and fruit trees. Bring warm jacket, lunch   |                                |                 |  |                            |   |   |                         |

# MERRITT LANDHORT FALL 2019 CLASSES (Aug. 19- Dec. 13)

Everything is subject to change!

Revised 7/16/19

| Class Number   | Class title  | Instructor                    | Day(s)            | Times                                | Room number                          | Enrollment code                                      | Units   |
|--|--|-------------------------------|-------------------|--------------------------------------|--------------------------------------|--|---------|
| LH28ABCD   | Permaculture A, B, C, D  | Lawrence Lee                  | Friday            | 9:00am- 1:50pm                       | H108                                 | A-43130/32, B-3131/33, C-43134/35, D-43136/37        | 3 units |
| LH28: Strategies and techniques of applied ecology/permaculture design for livable human communities; observation of natural patterns, gardening in urban settings; permaculture ethics and principles   |  |                               |                   |                                      |                                      |  |         |
| *LH29E   | Planting Design<br>(*pre-req: LH18A<br>(+ more- enroll via waiver form)) | Terri McFarland               | Monday            | 6:00- 9:45pm                         | H105                                 | 47550 (note: may need to enroll via pre-req waiver!) | 4 units |
| LH29: Plants as landscape design element; ecological design criteria, functional use in design, plants as spatial delineators, visual and aesthetic qualities, and planting design styles. Planting design projects/slides instead of field trips  |  |                               |                   |                                      |                                      |  |         |
| LH45ABC  | Mushroom Cultivation I, II, III  | Theresa Halula                | Tuesday           | 10am - 2:20pm                        | H108                                 | A-43467/68, B-43469/70, C-43471/72                   | 2 units |
| LH45: Study of mushrooms in the landscape and garden for food, medicine, aesthetics, soil building, composting, and bioremediation: Relationships with plants, taxonomy, and lore; how these organisms function similarly and differently with plants; laboratory covers capture and ramping up methods, translation of lab methods to field use.        |  |                               |                   |                                      |                                      |  |         |
| LH60ABC  | Freehand Drawing for Landscape Design A, B, C                            | Chris Grampp                  | Friday            | 10am - 2:50pm                        | H105                                 | A-43143/44, B-43145/46, C-43147/48                   | 3 units |
| LH60: Freehand drawing techniques to assist landscape designers in producing 3D images of their designs; basic line-drawing techniques; rendering plants and landscape materials   |  |                               |                   |                                      |                                      |  |         |
| LH76   | Edible Landscaping   | Lawrence Lee                  | Thursday          | 5pm- 9:50pm                          | H108                                 | 47553/54   | 3 units |
| LH60: Freehand drawing techniques to assist landscape designers in producing 3D images of their designs; basic line-drawing techniques; rendering plants and landscape materials   |  |                               |                   |                                      |                                      |  |         |
| LH81   | Equipment Fundamentals for Arborists                                     | Gregory Tarver                | Thursday          | 5:30- 9:20pm                         | H108                                 | 43503/04   | 2 units |
| LH81: Fundamentals of equipment used in the arborist trade: Chain saws, chippers, plant health care equipment, and aerial lift; truck driving and bucket truck operations; equipment maintenance; equipment safety and safe work practices.  |  |                               |                   |                                      |                                      |  |         |
| *LH83  | Large Equipment<br>Pre-reqs: LH81, 84, 86                                | Tony Wolcott                  | Friday            | 10am- 3:50pm                         | H101                                 | 48038/39   | 3 units |
| LH8: Intro to large-scale arboriculture equipment: Driving trucks and trailers; operation of lifts, stump grinders, and accessory equipment such as log loaders, booms, and cranes; rigging equipment, techniques, and safety; safe tree removal   |  |                               |                   |                                      |                                      |  |         |
| LH85   | Introduction to Climbing for Arborists                                   | Kingman Lim                   | Saturday          | 9:00am- 12:50pm                      | H105                                 | 43505/06   | 2 units |
| LH85: Practices and techniques of tree climbing and aerial tree work: Pre-climb inspections; climbing equipment for safety; rope installations; ascending skills; re-positioning skills; maneuvering techniques; descending skills; knots for various situations and applications; emergency response procedures including aerial rescue basic concepts. |  |                               |                   |                                      |                                      |  |         |
| LH206  | Landscape Business Practices   | Martin Cleary                 | Monday            | 6:30- 9:20pm                         | H105                                 | 48507  | 3 units |
| LH206: Business practices for landscape professionals: Bookkeeping, tax records, licensing, insurance, contracts and agreements, employee management, marketing, and job tracking and costing.   |  |                               |                   |                                      |                                      |  |         |
| LH210ABC   | Landscape Design Forum A, B, C   | Chris Grampp/<br>Laura Forlin | Tuesday           | 4pm- 5:50pm                          | H101                                 | A-43118, B-43119, C-43120                            | 2 units |
| LH210: Forum emphasizing professional practices in landscape design with guests addressing a variety of topics   |  |                               |                   |                                      |                                      |  |         |
| LH501  | Urban Community Gardening  | Tom Branca                    | Tuesday/Wednesday | T- 9:00- 10:50am<br>W- 9:30- 11:20am | T- Merritt LANHT<br>W- Lakeside Park | 43225/26   | 0 units |
| LH501: Urban community gardening: Benefits, skills for design and implementation, raised-bed garden techniques, garden maintenance, plant/crop selection, and community organizational skills. Open entry/exit- register any time! Learn at own pace and attend when you like. No exams, quizzes, etc.   |  |                               |                   |                                      |                                      |  |         |

Revised 7/16/19 • FALL 2019 semester: August 19 - Dec. 13 • For more information: [www.merritt.edu/wp/lanht](http://www.merritt.edu/wp/lanht) AND [www.merrittlandhort.com](http://www.merrittlandhort.com)

**NOTE: THIS schedule differs from the printed Merritt-wide schedule, and this dept.-issued schedule is CORRECT.**

LH9ABC, W 6:30-9:20, is in library building

LH26:PC 10/20 & 27 H108 a.m./field p.m.

on main campus, lower level, L132

LH 501: T 9- 10:00 Merritt/ W 9:30- 11:15am Lakeside Park

The mission of Merritt College is to enhance the quality of life in the communities we serve by helping students to attain knowledge, master skills, and develop the appreciation, attitudes and values needed to succeed and participate responsibly in a democratic society and a global economy.

# Merritt College Landscape Horticulture Department Projected Class Scheduling 12/5/18

## Revised Program Requirements, Non-scheduled Classes, and...

Remember, Everything is subject to change\*. Stay current: Watch for news of program updates, schedule changes, opportunities, etc. at: [www.merritt.edu/wp/lanht](http://www.merritt.edu/wp/lanht) (regularly updated), or look for handouts/postings while on campus at Hort. If you are on an award track and need a class that has been canceled or may not be offered soon, you may be able to substitute other coursework and/or experience (past or present). Learn more about substitution waivers at LANHT office or counseling dept., or see college catalog.

**F= Fall, S= Spring, D= Day, E= Evening**

**\*Class schedules DO frequently change! Always check online Passport for schedule updates (NOT the pdf of print schedule!)**
