 - Turnitin is a convenient program for organizing and assessing assignments.
 - Tips on how to navigate in Turnitin.
 - Availability of Turnitin tool for classes, some sense of how it works.

 - So poorly organized that I just couldn't follow & not interactive at all.
 - Although this was a thorough presentation, because the presenter was online, not face to face, it was difficult to stay engaged and retain information.
 - Moved very fast. Not interactive.
 - Login and practice sessions, but will do on my own.
