Transfer Agreement: Associate to Bachelors

The following associate degree programs from Merritt College have been evaluated by Colorado Technical University and they have been determined to be satisfactory in meeting the minimum requirements for admittance to the following Colorado Technical University bachelor degree programs delivered through CTU’s Virtual Campus. Students who have completed these programs from Merritt College will be enrolled into a bachelor degree program at Colorado Technical University and will be awarded 90 quarter hours of transfer credit. These students will then take the courses equaling 180-182 quarter hours of total credit through CTU’s Virtual Campus. Students will be required to take all remaining core and concentration area courses through the bachelor program into which they are enrolled.

If any of the courses completed in the student’s Associate degree from Merritt College appear in the student’s Bachelor program at CTU, the duplicate courses will be removed from the student’s CTU schedule and replaced with alternate courses. These courses will not be considered for additional transfer credit as they are part of the Associate Degree block transfer. In no case will a student be required to repeat a course for which credit has been previously earned.
