

Intersegmental General Education Transfer Curriculum Advising Form

Name: (please print) _____ ID#: _____

Read first: Important information regarding the appropriate use of the IGETC Counseling Form.

1. Completion of all of the requirements in the IGETC will permit a student to transfer from a community college to a campus in either the California State University or the University of California system and to some Independent Colleges and Universities without the need, after transfer, to take additional lower-division general education courses.
2. The IGETC is not advisable for all transfer students (See bottom reverse side for list).
3. Transfer students pursuing a major that requires extensive lower-division preparation may be better served by taking courses which fulfill the CSU General Education-Breadth Requirements or those of the UC Campus or college to which they plan to transfer.
4. College of Alameda, Peralta Community College District, can certify either full certification (completion of all requirements in each subject-area) or partial certification (maximum of two courses missing and completed after transfer). Students are responsible for completing minimum admission requirements for the CSU and UC systems if partially certified. **Note:** UC Berkeley's College of Letters & Science requires full certification of IGETC (See a counselor for details).
5. All courses must be completed with minimum grades of "C" or better.
6. Transcripts to verify courses completed at other college must be submitted prior to certification and can only be certified in the IGETC category determined by the original college (See #8 regarding high school transcripts).
7. Courses taken at foreign institutions will not be permitted for IGETC certification except in the Area Language Other Than English.
8. If the Foreign Language Requirement was satisfied in high school, the student's official high school transcript must be submitted prior to certification.
9. Coursework completed for the IGETC will be honored for certification provided that the courses were on the CA community college's approved IGETC list at the time the course was completed. Coursework from other colleges/universities, excluding CA community colleges, may be approved as long as the courses meet IGETC standards, the exception is the Critical Thinking requirement-Area 1B (See a counselor for further information).
10. Students who initially enroll at a UC campus, leave and attend a community college, then plan to return to the SAME UC campus can not use IGETC (Consult a counselor for detailed information).
11. Be sure to request IGETC certification when you request final transcripts to be sent to your choice of university or college.

Directions: Indicate courses completed at COA, list courses taken at other colleges, and indicate name of test if requirement was met with Advanced Placement (AP) Exam(s). AP Exam(s) cannot be used in Area 1: Group B and Group C (Critical Thinking and Oral Communication).

U.C. COLLEGES and MAJORS that **do not accept or recommend** the use of IGETC: (SEE A COUNSELOR FOR FURTHER INFORMATION).

Berkeley: Haas School of Business; Colleges of Chemistry, Engineering, and Environmental Design. **Davis:** College of Engineering; Division of Biological Sciences, and majors in the College of Agricultural and Environmental Sciences and the College of Letters and Sciences that require substantial math and science preparation, such as: Chemistry, Environmental Toxicology, Food Science, Nutrition Science, Physics, Viticulture and Enology, etc. **Irvine:** Students entering majors that require specific or substantial preparation, such as science majors, may use IGETC but need to give priority to completion of lower division preparation courses. **Los Angeles:** School of Engineering and Applied Science or the School of Nursing. **Merced:** IGETC is not recommended for majors in the School of Engineering and Natural Sciences. **Riverside:** The IGETC is not appropriate for students entering the College of Natural and Agricultural Sciences or the Bourns College of Engineering. **San Diego:** Students choosing majors that require specific and substantial lower division preparation, as in the Jacobs School of Engineering, may use the IGETC. However, lower division degree requirements should also be emphasized in transfer program planning. IGETC is accepted at Earl Warren, John Muir, Sixth, and Thurgood Marshall Colleges. Students who follow IGETC are welcomed at E. Roosevelt and Revelle Colleges. However, they must meet specific graduation requirements of those colleges. **Santa Barbara:** IGETC is not appropriate preparation for transfer into the College of Engineering and the Computer Science major in College of Letters & Science. **Santa Cruz:** Although the IGETC is acceptable for all majors, students planning to pursue majors that require substantial lower-division preparation, such as those offered in the School of Engineering, the sciences, or environmental studies, should give priority to the completion of major prerequisite courses.
