**What changes have occurred in enrollment since 2015-2016 program review?**

The decline in enrollment from fall to spring reflects overall decline in college enrollment from fall to spring semesters. Overall usage of the Learning Center has declined since 2015-2016 and may also reflect decline of enrollment for college overall. Data reveals a wide disparity between genders. Male students use the Learning Center 50% less than female students. There is also a wide disparity in ethnicity. Latino, Asians, Pacific Islanders, and American Indians use the Learning Center far less than African American students. The majority of students who use the Learning Center are between ages 19 and 64. The usage by Foster Youth has declined significantly since fall 2014 and continues to drop since fall 2015. Usage by Veterans has been consistent since fall 2015.

Overall productivity is higher than the college standard. However, productivity declined significantly from 2015-2016 to 2016-2017. No strong correlation between #'s of sections and the decrease of productivity.

**1. Describe any difference in the Retention and Success of face-to-face and distance education courses.**

Currently, the only distance education course offered in Learning Resources is Metacognitive Learning Skills; therefore, it is difficult to analyze differences between face-to-face and distance education courses.

**Other program specific data.** Other data could include: departmental research via survey or special projects that significantly supports the goals or future plans for the program.

# IV. Aligning Program Goals, Activities and Planning

---

**Purpose:** In this section, you will align your program, department or unit goals with the Educational Master Plan goals. You will also be asked to comment on how your department, unit or program is helping the College to achieve the targets set by the Equity, SSSP and Basic Skills Plans.

1. Educational Master Plan Alignment: Please use the following matrix to demonstrate how your program goals align with the 2015-2020 Educational Master Plan Goals.

## *2015-2020 EMP Goals*

### **Foundations:**

1. Assess students' strengths and needs thoroughly to accelerate completion of certificates, degrees and transfer readiness.
2. Support and develop programs, curriculum and services that increase completion of courses, certificates, degrees and transfer.
3. Establish an organizational structure that promotes coordination, innovation, and accountability, and which embeds basic skills development across the campus.

### **Career Technical Education:**

1. Develop opportunities for CTE students to engage in campus and community experiences that enhance learning and student success (program-level clubs/enterprises, activities that develop soft skills, etc.) by contextualizing and proactively engaging students.
2. Create a Merritt-wide infrastructure that streamlines and develops employer partnerships, including offering High quality internships, serving on advisory boards, and engaging in curriculum development.
3. Strengthen Merritt College's "on ramps" to our CTE pathways by enhancing distance education, dual enrollment, adult education, contract education, etc., and provide differentiated supports that ensure student success for targeted population.
4. Create proactive strategies to engage faculty, students, and employers to support program success and sustainability that increase student-level academic and career outcomes.

### **Transfer:**

1. Establish fully functioning transfer center.
2. Acquire more and better data (Higher granularity) on transfer rates. Collect transfer data to include UC, State, and Private institutions.
3. Augment and strengthen specific partnerships with academic departments in CSUs, UCs, and privates to develop transfer pipelines.
4. Augment and strengthen support services for transfer students campus-wide.
5. Augment and strengthen support for transfer students within academic programs.

Directions: 1) input your program and department goals. 2) Identify which area of the Ed Master Plan this Goal aligns to – Foundations, Transfer and/or CTE. Describe the activities your department or program will complete to meet the goal. 5) What standard or goal do you think the activities will help the college achieve as a measurable outcome (Completion rate, degree/cert completion, transfer, remedial rates). 2. Student Equity, Student Success and Support Program (SSSP), and Basic Skills Target Groups: These plans analyzed student success outcomes and disproportionately impacted student populations. The chart below outlines the results of this analysis, and is a summary of the student populations and focused outcomes that the College indicated it would like to increase as a result of the Student Equity Plan (E), SSSP Plan (S), and Basic Skills Plan (B).
  - a. As a program, department or unit, review your data and describe any activities you are doing to address student equity gaps and special populations in the table below. Describe the target or focused student population, the problem/observation, the activity/intervention, and the intended outcome. How does your activity align with the College’s Equity, SSSP and Basic Skills Goals (list the target group and indicator in the last box below)? In your description, please note if the activity or intervention was funded by one of these grants in the past academic year (15-16).

**2015-16 Student Equity Plan, Student Success and Support Program Plan (SSSP), and Basic Skills Goal Summary**

The <b>Student Equity Plan, SSSP Plan, and Basic Skills Plans</b> outlined goals and activities to increase the following indicators, with special focus on the student populations below:	Access (Headcount)	Successful Course Completion (All Subjects)	Basic Skills			BS Math Course Completion	BS English Course Completion	BS ESL Course Completion	Number of Degrees	Number of Certificates	Number of Transfers to UC and CSU
			Math Course Completion	English Course Completion	Fall to Spring Retention

*Directions: 1) Describe a challenge, achievement gap or observation you made in your program data. 2) Describe an activity or intervention your program does to address the data. 3) Note which student populations this activity or intervention targets. 4) describe the intended measurable*

outcome of the activity. Think about which indicator, from the summary chart below, this activity will help to impact. 5) Note which Plan and Goal this activity aligns to (SSSP, Equity, or Basic Skills)

<b><u>Is your program planning for changes, improvements or initiatives that align with Student Equity, SSSP or Basic Skills Initiative? Please report on the PLANNING for 2017-2018.</u></b>				
<b><u>Problem, Achievement Gap or Observation (data)</u></b>	<b><u>Activity/Intervention</u></b>	<b><u>Target Student Population</u></b>	<b><u>Outcome (or intended outcome from the list of indicators above: access, course completion, retention, BS course completion, degree, cert. transfers)</u></b>	<b><u>Relevant College Equity/SSSP/BS Goal</u></b>
<i>Example: Lack of program diversity</i>	<i>Looking at diversity partnering with Oakland unified for pathways</i>	<i>African American and Hispanic/Latinos</i>	<i>Increase headcount/enrollment of these populations</i>	<i>SSSP and Equity Plan – Access for African Americans and Latinos</i>
Research is needed on the impact of tutoring and on what tutoring needs are not being met	Work with the researcher and the District-wide taskforce to research the impact of tutoring including the new online tutoring. Determine the rate of participation of students from targeted populations.  Gather disaggregated data to determine if all groups are utilizing the LC proportionally.	African American and Hispanic/Latinos  Disproportionately impacted groups.	Course completion, retention, BS course completion leading to certificate, degree and transfer outcomes	Equity/SSSP, BS for African Americans and Latinos

Diversify the tutor pool	Work with faculty and staff to recruit diverse tutors for math and English tutoring.	African American and Hispanic/Latinos	Retention and completion. When diverse students work with their peers or see their peers tutoring, they are more likely to feel connected and engaged, two of the factors that lead to success, and consequently to seek out assistance consistently. (RP Group Research: Student Success (re) Defined)	Improve course completion for African Americans in Mathematics and English; Increase and balance student equity and diversity in college programs and services.
Lack of faculty participation in Learning Center	Share Summary Reports of student usage of LC with faculty across disciplines.  Invite faculty to hold office hours in the LC.	All disproportionately impacted groups.	Increase overall usage of Learning Center resources including tutoring across disciplines and computer labs.	Equity/SSSP, BS for all target groups
Online tutoring and Success strategy workshops	Launched Upswing in fall 2016, an online tutoring platform open to all Merritt College students needing support in all subjects.	All groups.	Increase access to tutorial support for distance education and face-to-face students	Equity/SSSP for Distance Education students

b. Are additional resources required to facilitate the activities or interventions related to this area? If yes, make sure to discuss with your Dean.

**3. Student Equity, Student Success and Support Program (SSSP), and Basic Skills Funding:** In addition to identifying focused student populations and targets for improving student outcomes, these plans outlined activities the College would engage in to improve the indicators

above. **Did your program receive funding from any of the sources below in 2016-2017? What was the outcome of this funding?**

<b><u>Please report on the outcomes from 2016-2017 funding.</u></b>				
<b><u>Plan</u></b>	<b><u>What was funded?</u></b>	<b><u>Was this part of a larger activity or initiative?</u></b>	<b><u>What need did this address?</u></b>	<b><u>What measurable outcome resulted in this funding?</u></b>
<b><u>Student Equity Plan</u></b>	Hiring tutors of diverse cultural and linguistic backgrounds	To address success and retention all target populations.	By hiring a diverse group of tutors, offering high quality tutor training, and making online tutoring available, The Learning Center is impacting all the equity goals.	Diversity of tutoring staff has increased
<b><u>SSSP Plan</u></b>				
<b><u>Basic Skills Plan</u></b>	Hiring and training of embedded tutors in sections of basic skills math and English	To increase retention and accelerate successful course completion of basic skills courses by African Americans & Latinos	By providing a diverse group of trained tutors and offering online tutoring, The Learning Center is impacting all the Basic Skills goals and the third goal of the BSOT Grant: “Increase student completion of basic skills and gateway transfer-level courses by providing proactive student support services that are integrated with instruction.”	Increased success and retention of basic skills courses in math and English

# V. Curriculum and Assessment Status

---

**Purpose:** In this section, you will plan for curriculum review and discuss assessment plans and findings. If your Program, Department or Unit does not have a curriculum component, please put N/A. You should reference the *CurricUNET META*, and *Taskstream*.

## Curriculum Review Plan

In preparation for the implementation of structured curriculum review in the 2018-2019 academic year, departments and programs are being asked this year to submit curriculum review plans, indicating when all courses and programs shall be reviewed. One-third of non-CTE curriculum should be reviewed each year, resulting in all non-CTE courses and programs being reviewed within the three-year program review cycle. Half of CTE curriculum should be reviewed each year, resulting in all CTE courses and programs being reviewed every two years in conjunction with the program review/annual program update cycle.

### Directions

All department chairs, program directors, and full-time faculty members should have access to CurricUNET META to view the active curriculum inventory. If you don't have access, contact LaShaune Fitch, Curriculum Specialist, at [lfitch@peralta.edu](mailto:lfitch@peralta.edu).

- List all active courses, certificates, and degrees.
- Indicate which year each course, certificate, or degree shall be reviewed (including deactivations and reactivations).
- Add more rows to each table as needed.

Course Number	Course Name	2018-2019	2019-2020	2020-2021
<i>Examples: ART 1</i>	<i>Introduction to Art History</i>	<i>X</i>		
<i>ART 4</i>	<i>History of Modern Art</i>		<i>Deactivate</i>	
<i>ART 7</i>	<i>History of African-American Art</i>			<i>Reactivate</i>

Program Type	Program Name	2018-2019	2019-2020	2020-2021
<i>Certificate of Proficiency</i>	<i>Art Foundation</i>	X

This question requires information I do not have.

2. Attach the completed Fall Schedule Assessment Planning Template (due to CDCPD mid-September).

## VI. Additional Questions for CTE, Counseling, Library and Student Services/Admin Units
