

# What are Merritt's critical priorities in terms of Facilities when it comes to Health and Safety?

Leaks and mold in P building

Lighting on campus

Elevators

F105 office open ceiling/leaks and lack of fire alarm.

Lighting on campusCampus elevatorsLeaks and mold

1. Fix elevators! Disabled folks can't get from place to place without them. 2. Fix leaks and mold. 3. Upgrade electrical system so it doesn't fail when we have heavy rain or strong winds.

elevators need to be upgraded, mold needs to be removed.

Lack of ADA compliance for F/E building

Safety phones blue phones

# What are Merritt's critical priorities in terms of Facilities when it comes to Health and Safety?

The elevators, the mold, signage, utility bill. stairs all around the campus.

carpets with possible mold need to be replaced in P building, and other locations on campus with this issue

Lack of AED at the stadium/fields

Trams breaking down and not being repaired

Campus elevators, cargo vans, repairs in counseling, repairs in training room, tree falling between library and Presidents office, cement cracked because of tree.
