Annual Program Update

I. Introduction and Directions

The Peralta Community College District has an institutional effectiveness process which consists of the following components: a District-wide Strategic Plan which is updated every six years; Comprehensive Program Reviews which are completed every three years; and Annual Program Updates (APUs) which are completed in non-program review years. While there are individualized Program Review Handbooks for Instructional units, Counseling, CTE, Library Services, Student Services, Administrative units, and District Service Centers, there is one Annual Program Update template for use by everyone at the colleges which is completed in the Fall semester of non-program review years.

The Annual Program Update is intended to primarily focus upon planning and institutional effectiveness by requesting that everyone report upon the progress they are making in attaining the goals (outcomes) and program improvement objectives described in the most recent program review document. The Annual Program Update is therefore a document which reflects continuous quality improvement. The Annual Program Update serves a critical role in the Integrated Planning and Budgeting cycle of the college in that it provides a vehicle in which to identify and request additional resources that support reaching the stated goals (outcomes) and program improvement objectives in the unit's program review.

Throughout this document, the term "program" is used to refer to any of the following institutional structures: discipline, department, program, administrative unit, or unit.

II. Program Overview

Mission Statement

Please verify the mission statement for your program. If your program has not created a mission statement, provide details on how your program supports and contributes to the College mission.

The mission of the Fruitvale Education Center of Merritt College is to provide greater access to higher education and thereby enhance the quality of life of the residents of the Fruitvale community of East Oakland.

Our instructional program and bilingual student services strive to provide a positive experience and build confidence as they apply for college, begin study and transition to the main campus of Merritt College and other Peralta colleges.

Faculty and Staff

List your Faculty and/or Staff. Indicate if they are part-time or full-time. (If names are already listed, they were imported from last year's APU/PR. Add or remove persons as needed to reflect current personnel).

III. Program Goals

In this section, indicate programs goals, the status of each, and how they align with College and District strategic goals. Following are the strategic goals for Peralta CCD and Merritt College.

<u>Peralta District Strategic Goals</u>	
P1.	Advance student access, equity, and success.
P2.	Engage and leverage partners.
P3.	Build programs of distinction.
P4.	Strengthen accountability, innovation, and collaboration.
P5.	Develop and manage resources to advance our mission.

<u>Merritt College Strategic Goals</u>	
M1.	Completion - Increase number of degrees and certificates by 20% over the next 5 years.
M2.	Transfer - Increase transfers to CSU and UC by 6% annually. (Reach approx. 35% in 5 years).
M3.	Time to Completion - Reduce the number of excess units earned by students.
M4.	Employment - Maintain at least 82% of students attaining employment in the field of study.
M5.	Equity - Reduce the achievement gaps for African-American, multiethnic, and male students.

Below are your Program Goals from your most recent Program Review or APU, if available. Indicate whether the goal has been completed (C), is in progress (IP), no longer applicable (NA), or new (NEW). Be sure to state goals which are *measurable* and *time-based*. Indicate which College and District goal your program goal aligns to. If your goal has been completed, what evidence supports completion of this goal? How did you measure the achievement of this goal?

Program Goal	Status (C, IP, NA, NEW)	Applicable College Goal(s)	Applicable District Goal(s)	If completed, describe supporting evidence, including measurements of achievements.
<ul style="list-style-type: none"> To educate the community of the matriculation process. 	IP	M5	P1	
<ul style="list-style-type: none"> To inform students of the different services offered at Merritt and other Peralta colleges. 	IP	M5	P1	
<ul style="list-style-type: none"> To offer guidance in 				

academic counseling for students.	IP	M3	P1	
<ul style="list-style-type: none"> • To inform the Fruitvale community of resources available to access higher education 	IP	M5	P1	
<ul style="list-style-type: none"> • To empower the Fruitvale District community in their pursuit of self-efficacy 	IP	M5	P1	

IV. Facilities Utilization

Describe your current utilization of facilities, including labs and other space. Confirm previously reported content.

The Fruitvale office was relocated to the third floor of the Unity Council building two years ago. The classroom was also relocated to the third floor. The new location offers a few pro and cons.

A pro is that the space is more divided, which provides more privacy for counseling sessions with students. Another pro is that the physical distance from other Unity Council programs makes Merritt classes more identifiable. This is because they are physically separate from other workshops and the GED classes offered by the Unity Council and OUSD.

One con is the lack of space –especially storage space –in the new location.

One more con is the lack of newer technology in the classroom.

V. Program Update Data

In this section you will review and reflect upon the data for your program. Use data which measure performance on outcomes relevant to the mission and goals of your program, which will vary according to which area of the college your program is in.

In your response, refer to data applicable to your program obtained from the APU dashboards and/or other sources.

APU Data Dashboards:

- [Course Completion and Retention Rates Dashboard – Instruction](#)
- [Course Completion and Retention Rates Dashboard – Student Services](#)
- [Enrollment Trend and Productivity Dashboard](#)
- [Degrees and Certificates Dashboard](#)

For departments or programs in the Student Services area, refer to reports provided by institutional data systems (i.e., PeopleSoft or SARS), results of student surveys, or external reports (i.e. [IPEDS](#) or [Launchboard](#)). Include the number of students served over an academic year and summarize their demographics.

For departments in the Business and Operations areas, use data which track the key function provided to the College, such as facilities usage for events, tickets received and closed, the number of invoices process or the time to disbursement.

Use historical data (3 years is recommended, if available) to estimate a baseline, then use this to project activity and inform requests for the coming year.

Describe any significant changes and discuss what the changes mean to your program. Consider whether performance or service gaps exist for disproportionality impacted students. Focus upon the most recent year and/or the years since your last comprehensive program review. Cite data points from the program review dashboards or other data sources relevant to your service, business, operations or administrative area to support your answer. If you wish, you may include screenshots of the dashboard to show filtered results containing the relevant figures. Instructions on taking screenshots for [Windows](#) and [Mac](#))

Based on data collected from Spring 2019, almost half of the students assisted in person in the office had some difficulty identifying what services were provided and by whom (faculty or staff). Interestingly, with the way we have been providing services to our students because of social-distance due to COVID-19, it seems that students identify our roles a lot better.

There seems to be a trend among students who have seen our counselors since the shelter-in-place was implemented in the Spring of 2019. Students seem to understand

that a counselor can assist them to pick their classes and guide them regarding career pathways.

Moreover, student awareness of their role in the college is one more noticeable change brought on by COVID-19. The majority of students, including new students to the college, are aware that they need to keep their student ID number and Passport log-in handy to obtain assistance with class registration and other needs.

This observation has brought to my attention the need to re-asses this SAO to compare to last results –from Spring 2019.

The shelter-in-place due to COVID-19 has brought many changes and challenges. The biggest difficulty has been to outreach to the community and to continue to engage with potential students. Continued collaboration with the College's outreach team can assist in narrowing this gap.

Another challenge has been to be more visible to students. Making a short presentation during our Zoom classes could improve visibility.

Data was collected through a student survey in Spring of 2019. There is a need to revise the survey to collect data suggested in this template –like students' demographics. Data was not uploaded to any data dashboards. Data has been collected and analyzed by Brenda Mora every semester.

Describe the program's progress on Service Area Outcomes and/or Administrative Unit Outcomes (AUOs) since the last Program Review or APU. For instructional programs, describe the program's progress on Student Learning Outcomes (SLOs) and, if your discipline offers a degree or certificate, please describe the department's progress on Program Learning Outcomes (PLOs).

SAOs have not been evaluated since Spring of 2019. In the Spring of 2021 we will evaluate the SAOs and compare to results pre-COVID-19. It will be interested to observe the difference in the results and the challenges to evaluated SAOs due to the shelter-in-place.

Describe the **results of** your department/program/service assessment of student and Program Learning Outcomes/AUO/SAO. Indicate when and where dialogue is occurring. Discuss **changes/updates/resource requests** made to your program based on the assessment of outcomes of the SLOs/PLOs/SAOs/AUOs assessed in the past year and discuss their alignment with the [ILOs](#).

No changes were implemented resulting from the analysis of SAOs. COVID-19 brought on new challenges and the need to establish new systems. Now that those systems are in place, changes stemming from SAO data analysis can be implemented.

The following item is for instructional programs only
Discuss how your PLOs align with the [ILOs](#).

VI. Curriculum

Note: If your department, program, or unit does not have a curricular component, please skip to the Section VII.

Curriculum review is an integral part of the program review process. Instructional departments and programs must consider the state of their curricula (i.e., courses, certificates, and degrees) in order to engage in meaningful assessment, planning, and continuous quality improvement.

In accordance with the [State Chancellor's Office Program and Course Approval Handbook \(7th Edition\)](#), California community college curricula must meet five criteria:

1. Appropriateness to the mission of the California Community Colleges (as established in [California Education Code § 66010.4](#))
2. Community, service area, or student need
3. Adherence to accreditation and higher education standards
4. Availability of adequate resources to maintain the course or program (including offering all required courses for a program at least once every two years)
5. Compliance with federal and state statutes and regulations (notably Title 5 of the California Code of Regulations)

PCCD [Board Policy 4020](#) and [Administrative Procedure 4020](#) require that curricula be evaluated regularly through program review and annual program updates on a three-year cycle. For Career Education programs, however, this policy is superseded by [California Education Code § 78016\(a\)](#), which requires reviews every two years.

This section of the APU requests information about the status of course and program updates, improvement plans based on curriculum review, and prospective curriculum development. The Curriculum Committee shall evaluate the responses as part of the validation of APU completion and the prioritization of resource requests.

Curriculum Review

Consult [CurriQunet](#) and the [Course Curriculum Review Status](#) or [Program Curriculum Review Status](#) spreadsheets to determine when a course or program was last updated or deactivated.

Courses that have not been offered in the past three years should be deactivated to ensure that the college catalog presents a current and accurate inventory of actual course offerings at Merritt. Likewise, if certificates and degrees have not been awarded in recent years, or the required courses have not been offered regularly enough for students to complete, consider the relevance and viability of those programs for potential deactivation.

The Curriculum Committee shall prioritize the review and approval of new courses and programs that are identified in this section of the APU.

VII. Funded Resources

For each resource allocation request from previous year's APU, indicate whether it was funded. Describe the outcomes and accomplishments for any requests which were funded.

Brief description of resource request	Was request funded? (Yes or No)	Funding Source (Specify Fund or Grant)	Total Award Amount	Outcome/Accomplishment
Rehire student assistant	Yes	Fund 8	\$14,900	<p>New systems were supported by the student assistant since the implementation of the shelter-in-place declared due to the COVID-19 pandemic.</p> <p>The student assistant's support facilitated an easier transition for students to synchronous student services and instruction from in-person services and classroom instruction.</p>

VIII. Resource Requests

In the tables below, please add resource requests for your program for the **2021-22 fiscal year**. Indicate if the request is being made as part of the response to the COVID-19 pandemic. If you are submitting multiple requests under the same category, prioritize them by assigning a rank to each request ('1' indicating the highest priority request). Include only one request per row; if additional rows are needed, insert new rows in the table ([how to add rows](#)).
