Annual Program Update

Phi Theta Kappa International Honor Society (PTK)

I. Introduction and Directions

The Peralta Community College District has an institutional effectiveness process which consists of the following components: a District-wide Strategic Plan which is updated every six years; Comprehensive Program Reviews which are completed every three years; and Annual Program Updates (APUs) which are completed in non-program review years. While there are individualized Program Review Handbooks for Instructional units, Counseling, CTE, Library Services, Student Services, Administrative units, and District Service Centers, there is one Annual Program Update template for use by everyone at the colleges which is completed in the Fall semester of non-program review years.

The Annual Program Update is intended to primarily focus upon planning and institutional effectiveness by requesting that everyone report upon the progress they are making in attaining the goals (outcomes) and program improvement objectives described in the most recent program review document. The Annual Program Update is therefore a document which reflects continuous quality improvement. The Annual Program Update serves a critical role in the Integrated Planning and Budgeting cycle of the college in that it provides a vehicle in which to identify and request additional resources that support reaching the stated goals (outcomes) and program improvement objectives in the unit's program review.

Throughout this document, the term “program” is used to refer to any of the following institutional structures: discipline, department, program, administrative unit, or unit.

If you have questions regarding data, please contact Nathan Pellegrin, Director of Research and Planning (npellegrin@peralta.edu).

If you have questions regarding SLOs, PLOs, SAOs or ILOs, please visit the [SLOAC webpage](#), or contact the SLOAC committee member for your division:

IV. Facilities Utilization

Describe your current utilization of facilities, including labs and other space. Confirm previously reported content.

We have shared space in room P-305 with the Student Accessibility Services Program (DSPS). We can use that space for activities, meetings, and small events. We have tables to have recruiting events in the R Building, R-110 the Student Union is used for semester Induction Ceremonies and other larger events such as district summits or workshops and other events in collaboration with other student clubs (Ability Counts Club, Puente, etc.), organizations and student government, Associated Students of Merritt College (ASMC) and Inter-club Council (I.C.C.)

IV. Program Update Data

In this section you will review and reflect upon the data for your program. Use data which measure performance on outcomes relevant to the mission and goals of your program, which will vary according to which area of the college your program is in.

In your response, refer to data applicable to your program obtained from the APU dashboards and/or other sources.

[APU Data Dashboards:](#)

- **[Course Completion and Retention Rates Dashboard – Instruction](#)**
- **[Course Completion and Retention Rates Dashboard – Student Services](#)**
- **[Enrollment Trend and Productivity Dashboard](#)**
- **[Degrees and Certificates Dashboard](#)**

For departments or programs in the Student Services area, refer to reports provided by institutional data systems (i.e., PeopleSoft or SARS), results of student surveys, or external reports (i.e. [IPEDS](#) or [Launchboard](#)). Include the number of students served over an academic year and summarize their demographics.

For departments in the Business and Operations areas, use data which track the key function provided to the College, such as facilities usage for events, tickets received and closed, the number of invoices process or the time to disbursement.

Use historical data (3 years is recommended, if available) to estimate a baseline, then use this to project activity and inform requests for the coming year.

Describe any significant changes and discuss what the changes mean to your program. Consider whether performance or service gaps exist for

disproportionality impacted students. Focus upon the most recent year and/or the years since your last comprehensive program review. Cite data points from the program review dashboards or other data sources relevant to your service, business, operations or administrative area to support your answer. If you wish, you may include screenshots of the dashboard to show filtered results containing the relevant figures. Instructions on taking screenshots for [Windows](#) and [Mac](#))

This is the first APU for the Phi Theta Kappa International Honor Society, Beta Theta Lambda Chapter, at Merritt College. It covers data gleaned from:

1. Graduation list – spring 2020: AA/AS degrees : PTK Members; Certificates : PTK Members; Scholarship and Awards list (Faculty Academic Senate and Phi Theta Kappa lists); Transfers : PTK Members; Leadership Survey Results (Officers), spring 2020
2. Attendance lists from spring 2020: Nevada/California Regional Convention; PTK Catalyst – International Convention April 2020; Northwest District summits spring 2020 and fall 2020, Fall Leadership Conference 2020, minutes from bi-monthly meetings spring 2020 – fall 2020, NV/CA regional meetings summer 2020; college bank statements from chapter account at Merritt

APU. For instructional programs, describe the program's progress on Student Learning Outcomes (SLOs) and, if your discipline offers a degree or certificate, please describe the department's progress on Program.

Learning Outcomes (PLOs):

1. Increase participation in activities and focus on having equity among our student scholars.
2. Seek out and recruit high achieving students from under-represented populations on campus such as: Student Accessibility Services (formerly DSPS), Puente (Latino), Sankofa, First-Year Experience (F.Y.E.) and high school students, etc.
3. Encourage PTK members from underrepresented populations to accept roles of leadership, locally (chapter level), regionally and internationally.
4. Encourage all members to complete a degree and transfer to a 4-year institution or to complete degree or certificate programs and enter the workforce.
5. Recruit students to become officers and participate in student government and other clubs/organizations on campus or in their community.

Describe the **results of** your department/program/service assessment of student and Program Learning Outcomes/AUO/SAO. Indicate when and

where dialogue is occurring. Discuss **changes/updates/resource requests** made to your program based on the assessment of outcomes of the SLOs/PLOs/SAOs/AUOs assessed in the past year and discuss their alignment with the [ILOs](#).

The PTK group meets twice per month and input from our students is an important part of that regular meeting. Our students have succeeded in becoming leaders in the organization and then develop the comfort to display that leadership in other settings. Our students have achieved great success.

Anticipated changes: We have been recruiting students via our counselors to request that they refer students to us if they meet the GPA of 3.2 with at least 12 Units taken at Merritt College.

Updates: Given the COVID situation, our programs, trainings, meetings, scholarship opportunities are all online and a recent Fall Leadership Conference was attended by many of our new members.

We will be conducting the induction on November 20, 2020 where we will welcome 14 new Phi Theta Kappa members to our Chapter.

Resource Requests:

- We request funding for purchase of chapter t-shirts to be worn during some of our activities: Estimated at \$30/shirt requesting 20 shirts for a total of \$600.00.
- Funding for Guest Speakers estimated at \$500.00 for motivational Speeches.
- In anticipation of future group meetings, funding for refreshments for such activities. \$500.00
- Professional Development funds – for training and education that is within the realm of the Honor Society in terms of skill enhancement. \$500.00

Total request \$2100.00

Curriculum – N/A

Note: If your department, program, or unit does not have a curricular component, please skip to the Section VII.

Curriculum review is an integral part of the program review process. Instructional departments and programs must consider the state of their curricula (i.e., courses, certificates, and degrees) in order to engage in meaningful assessment, planning, and continuous quality improvement.

In accordance with the [State Chancellor's Office Program and Course Approval Handbook \(7th Edition\)](#), California community college curricula must meet five criteria:

1. Appropriateness to the mission of the California Community Colleges (as established in [California Education Code § 66010.4](#))
2. Community, service area, or student need
3. Adherence to accreditation and higher education standards
4. Availability of adequate resources to maintain the course or program (including offering all required courses for a program at least once every two years)
5. Compliance with federal and state statutes and regulations (notably Title 5 of the California Code of Regulations)

PCCD [Board Policy 4020](#) and [Administrative Procedure 4020](#) require that curricula be evaluated regularly through program review and annual program updates on a three-year cycle. For Career Education programs, however, this policy is superseded by [California Education Code § 78016\(a\)](#), which requires reviews every two years.

This section of the APU requests information about the status of course and program updates, improvement plans based on curriculum review, and prospective curriculum development. The Curriculum Committee shall evaluate the responses as part of the validation of APU completion and the prioritization of resource requests.

Curriculum Review

Consult [CurriQunet](#) and the [Course Curriculum Review Status](#) or [Program Curriculum Review Status](#) spreadsheets to determine when a course or program was last updated or deactivated.

Courses that have not been offered in the past three years should be deactivated to ensure that the college catalog presents a current and accurate inventory of actual course offerings at Merritt. Likewise, if certificates and degrees have not been awarded in recent years, or the required courses have not been offered regularly enough for students to complete, consider the relevance and viability of those programs for potential deactivation.
