Annual Program Update

Spanish

I. Introduction and Directions

The Peralta Community College District has an institutional effectiveness process which consists of the following components: a District-wide Strategic Plan which is updated every six years; Comprehensive Program Reviews which are completed every three years; and Annual Program Updates (APUs) which are completed in non-program review years. While there are individualized Program Review Handbooks for Instructional units, Counseling, CTE, Library Services, Student Services, Administrative units, and District Service Centers, there is one Annual Program Update template for use by everyone at the colleges which is completed in the Fall semester of non-program review years.

The Annual Program Update is intended to primarily focus upon planning and institutional effectiveness by requesting that everyone report upon the progress they are making in attaining the goals (outcomes) and program improvement objectives described in the most recent program review document. The Annual Program Update is therefore a document which reflects continuous quality improvement. The Annual Program Update serves a critical

role in the Integrated Planning and Budgeting cycle of the college in that it provides a vehicle in which to identify and request additional resources that support reaching the stated goals (outcomes) and program improvement objectives in the unit's program review.

Throughout this document, the term "program" is used to refer to any of the following institutional structures: discipline, department, program, administrative unit, or unit.

If you have questions regarding data, please contact Nathan Pellegrin, Director of Research and Planning (npellegrin@peralta.edu).

If you have questions regarding SLOs, PLOs, SAOs or ILOs, please visit the [SLOAC webpage](#), or contact the SLOAC committee member for your division:

Division 1 - Evan Nichols (anichols@peralta.edu)

Division 2 – Laura Forlin (lforlin@peralta.edu)

Division 3 – Heather Casale (hcasale@peralta.edu).

If you have questions regarding the curriculum section, please contact Nghiem Thai (nthai@peralta.edu), chair of the [Curriculum Committee](#).

If you have questions regarding other material in the APU, please contact your Dean or Manager.

This document contains hyperlinks to external documents, spreadsheets, and data dashboards. Some of the links will not work unless you are signed in to Office 365 through the [Peralta Faculty & Staff Portal](#).

You will need the following items in order to complete the Annual Program Update document at the colleges:

- [Program Review or APU document](#) from AY 2019-20.
- [Budget Information](#) for the current and prior fiscal year.
- Any comments or feedback provided during the program review validation process.
- College Goals and Peralta District Goals (see below).
- [Institution Set Standards](#).
- [College 2018 Educational Master Plan Update](#).
- [Guided Pathways Plan](#)
- [Student Equity Plan](#).
- Data drawn from program review dashboards and/or other sources relevant to your department, service area or administrative unit (see below).

Merritt College Institution-Set Standards 2020-2021

Institution-set standards are used to evaluate the quality of the institution as to success with respect to student achievement in relation to the institution's mission. The evaluation of student achievement performance may include different standards for different programs, as established by the institution.

Metric	Definition	Set Standard
--------	------------	--------------

Course Completion (Success)	the number of student completions with a grade of C or better divided by the number of student enrollments	66%
Certificates	Number of certificates earned in an academic year	222
Degrees	Number of associate degrees earned in an academic year	322
Transfer	Number of students who transfer to a 4- year college/university	187
Licensure (CE)	Examination pass rates in programs for which students must pass a licensure examination in order to work in their field of study	70%
Employment (CE)	The job placement rate of student completing a degree or certificate in a CE program in the year after graduation.	Macro-Region Employment Rate, by Program SOC

II. Program Overview

Mission Statement

Please verify the mission statement for your program. If your program has not created a mission statement, provide details on how your program supports and contributes to the College mission.

Empower students through the development of critical thinking, reading and writing skills to actively and effectively engage in a diverse and increasingly complex world. Also, to demonstrate recognition and self-expression at approximately the novice-high level, as stated in ACTFL guidelines (American Council of Teachers of Foreign Languages) to describe people, places, activities, likes/dislikes and to express a sequence of events in the preterit. And to demonstrate communicative competence at approximately the novice level, as stated in ACTFL guidelines.

Faculty and Staff

List your Faculty and/or Staff. Indicate if they are part-time or full-time. (If names are already listed, they were imported from last year's APU/PR. Add or remove persons as needed to reflect current personnel).

Name	Faculty/Staff	PT/FT
Julieta Zuniga	Faculty	Part-Time
Anna Rodas	Faculty	Part-Time

III. Program Goals

In this section, indicate programs goals, the status of each, and how they align with College and District strategic goals. Following are the strategic goals for Peralta CCD and Merritt College.

<u>Peralta District Strategic Goals</u>	
P1.	Advance student access, equity, and success.
P2.	Engage and leverage partners.
P3.	Build programs of distinction.
P4.	Strengthen accountability, innovation, and collaboration.
P5.	Develop and manage resources to advance our mission.

<u>Merritt College Strategic Goals</u>	
M1.	Completion - Increase number of degrees and certificates by 20% over the next 5 years.
M2.	Transfer - Increase transfers to CSU and UC by 6% annually. (Reach approx. 35% in 5 years).
M3.	Time to Completion - Reduce the number of excess units earned by students.
M4.	Employment - Maintain at least 82% of students attaining employment in the field of study.
M5.	Equity - Reduce the achievement gaps for African-American, multiethnic, and male students.

Below are your Program Goals from your most recent Program Review or APU, if available. Indicate whether the goal has been completed (C), is in progress (IP), no longer applicable (NA), or new (NEW). Be sure to state goals which are *measurable* and *time-based*. Indicate which College and District goal your program goal aligns to. If your goal has been completed, what evidence supports completion of this goal? How did you measure the achievement of this goal?

Program Goal	Status (C, IP, NA, NEW)	Applicable College Goal(s)	Applicable District Goal(s)	If completed, describe supporting evidence, including measurements of achievements.

<p>group who attend Merritt College, it is important that we try to grow the Spanish department by hiring more instructors to teach more Spanish classes, so that hopefully Merritt can offer several Spanish classes instead of just Spanish 1A.</p>				
<p>Expand Spanish offerings, add conversational Spanish</p>	<p>NEW</p>	<p>M1</p>	<p>P1</p>	

IV. Facilities Utilization

Describe your current utilization of facilities, including labs and other space. Confirm previously reported content.

As described in the humanities and philosophy program reviews and APUs, the English department and all of the other subjects under the English department, including Spanish suffer from not having a centralized building or grouping of offices next to the classrooms where the same subject is taught, unlike the math, science, nursing, social studies, music, or horticulture departments. Essentially, Spanish and English staff and students are without a hub, as they are scattered around the campus instead of being in one centralized location. More writing labs with computers and printers are also needed for English and Spanish classes to fulfill the needs of the students.

V. Program Update Data

In this section you will review and reflect upon the data for your program. Use data which measure performance on outcomes relevant to the mission and goals of your program, which will vary according to which area of the college your program is in.

In your response, refer to data applicable to your program obtained from the APU dashboards and/or other sources.

APU Data Dashboards:

- **[Course Completion and Retention Rates Dashboard – Instruction](#)**
- **[Course Completion and Retention Rates Dashboard – Student Services](#)**
- **[Enrollment Trend and Productivity Dashboard](#)**
- **[Degrees and Certificates Dashboard](#)**

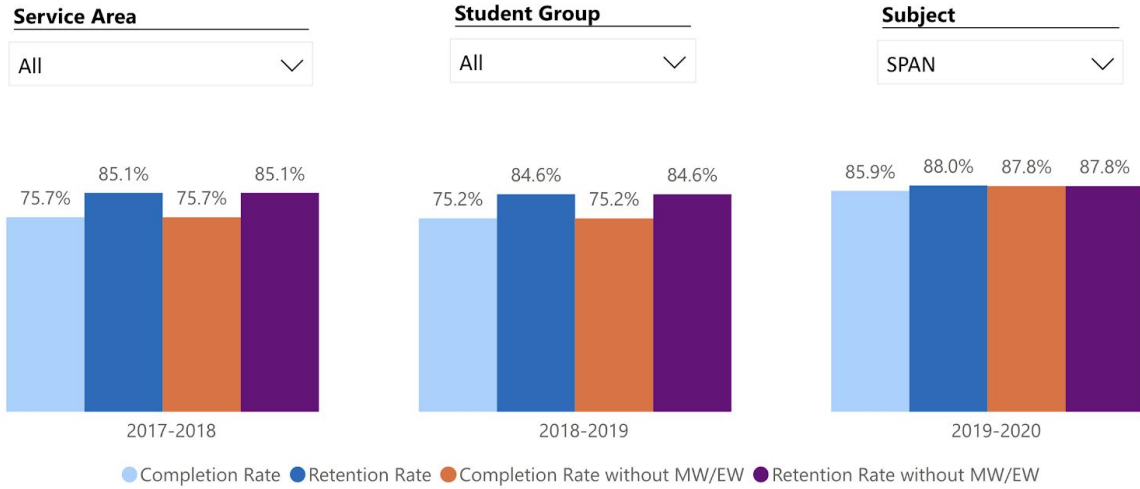

For departments or programs in the Student Services area, refer to reports provided by institutional data systems (i.e., PeopleSoft or SARS), results of student surveys, or external reports (i.e. [IPEDS](#) or [Launchboard](#)). Include the number of students served over an academic year and summarize their demographics.

For departments in the Business and Operations areas, use data which track the key function provided to the College, such as facilities usage for events, tickets received and closed, the number of invoices process or the time to disbursement.

Use historical data (3 years is recommended, if available) to estimate a baseline, then use this to project activity and inform requests for the coming year.

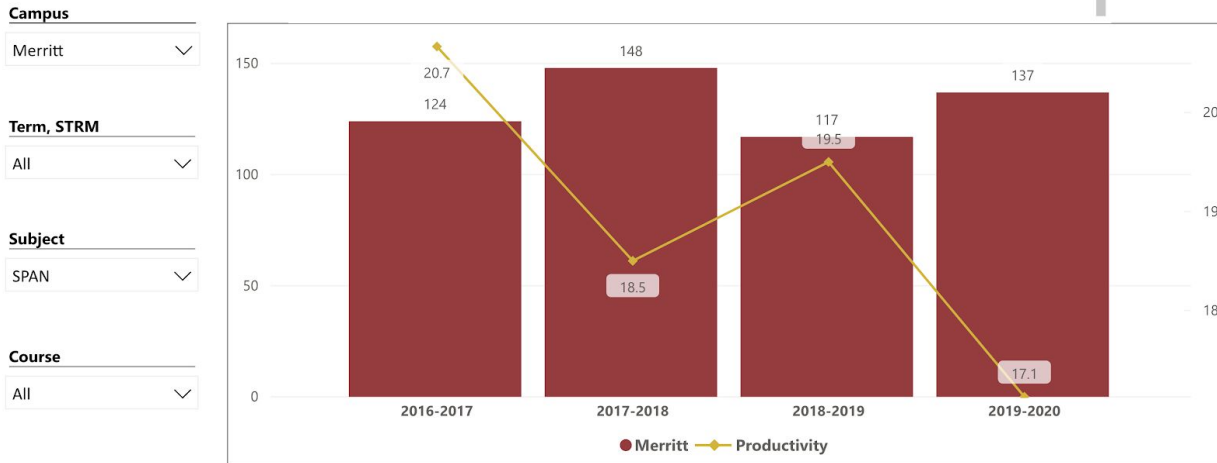

Describe any significant changes and discuss what the changes mean to your program. Consider whether performance or service gaps exist for disproportionality impacted students. Focus upon the most recent year and/or the years since your last comprehensive program review. Cite data points from the program review dashboards or other data sources relevant to your service, business, operations or administrative area to support your answer. If you wish, you may include screenshots of the dashboard to show filtered results containing the relevant figures. Instructions on taking screenshots for [Windows](#) and [Mac](#))

Course Completion and Retention Rates by Student Group or Service Area

The Completion Rate for students enrolled in Spanish increased from 75.2% to 85.9% over the last two years. The Retention rate increased from 84.6% to 88%. This is a very positive trend and supports our interest in expanding our offerings.

Census Enrollment and Productivity by Year and Campus

Our enrollment of Spanish students increased from 117 to 137 students over the last two years. This trend supports our strong belief in the need for hiring an additional Spanish instructor and offering more courses. In Fall 2020, Laney offered 14 sections of Spanish, BCC offered 10 and Merritt only offered two. We would like to add a conversation class.

Describe the program's progress on Service Area Outcomes and/or Administrative Unit Outcomes (AUOs) since the last Program Review or APU. For instructional programs, describe the program's progress on Student Learning Outcomes (SLOs) and, if your discipline offers a degree or certificate, please describe the department's progress on Program Learning Outcomes (PLOs).

We assessed SLOs in all our Spanish offerings in Spring 2020 (SLO#1 for Spanish 1A and SLO#1 for Spanish 1B) and are fully up to date. Spanish has no PLO at Merritt.

Describe the **results of** your department/program/service assessment of student and Program Learning Outcomes/AUO/SAO. Indicate when and where dialogue is occurring. Discuss **changes/updates/resource requests** made to your program based on the assessment of outcomes of the SLOs/PLOs/SAOs/AUOs assessed in the past year and discuss their alignment with the [ILOs](#).

We only have one instructor and she teaches both classes. On 2/26/20, the co-chair, Evan Nichols, and Spanish instructor, Julieta Zuñiga, met to create an SLO assessment on Curriquet. This was both tech support and an assessment discussion of our two levels of Spanish and the need to add a conversational level as there is great need among the students to continue their studies. The main request at this point is to offer more classes!

The following item is for instructional programs only

Discuss how your PLOs align with the [ILOs](#).

NA

VI. Curriculum

Note: If your department, program, or unit does not have a curricular component, please skip to the Section VII.

Curriculum review is an integral part of the program review process. Instructional departments and programs must consider the state of their curricula (i.e., courses, certificates, and degrees) in order to engage in meaningful assessment, planning, and continuous quality improvement.

In accordance with the [State Chancellor's Office Program and Course Approval Handbook \(7th Edition\)](#), California community college curricula must meet five criteria:

1. Appropriateness to the mission of the California Community Colleges (as established in [California Education Code § 66010.4](#))
2. Community, service area, or student need
3. Adherence to accreditation and higher education standards
4. Availability of adequate resources to maintain the course or program (including offering all required courses for a program at least once every two years)
5. Compliance with federal and state statutes and regulations (notably Title 5 of the California Code of Regulations)

PCCD [Board Policy 4020](#) and [Administrative Procedure 4020](#) require that curricula be evaluated regularly through program review and annual program updates on a three-year cycle. For Career Education programs, however, this policy is superseded by [California Education Code § 78016\(a\)](#), which requires reviews every two years.

This section of the APU requests information about the status of course and program updates, improvement plans based on curriculum review, and prospective curriculum development. The Curriculum Committee shall evaluate the responses as part of the validation of APU completion and the prioritization of resource requests.

Curriculum Review

Consult [CurriQunet](#) and the [Course Curriculum Review Status](#) or [Program Curriculum Review Status](#) spreadsheets to determine when a course or program was last updated or deactivated.

Courses that have not been offered in the past three years should be deactivated to

ensure that the college catalog presents a current and accurate inventory of actual course offerings at Merritt. Likewise, if certificates and degrees have not been awarded in recent years, or the required courses have not been offered regularly enough for students to complete, consider the relevance and viability of those programs for potential deactivation.

Modifications

Indicate courses reviewed/updated in the past academic year (2019-2020), following the example in red. Add additional rows as needed in the table below.

Curriculum Improvement

Based on ongoing curriculum review, describe plans for **program-level** improvement in terms of any of the following considerations:

- Advancing **student equity and achievement** for disproportionately impacted students.
- Fostering **intersegmental alignment** and **guided pathways** through articulation, course sequencing, and program mapping.
- Implementing innovative **pedagogies, delivery methods/modalities**, or **educational resources and technologies**.

For Spanish delivery methods, we are developing innovative uses of technology to provide language instruction. While this is allowing us to sustain our program during this difficult global pandemic, these tools will greatly enhance our return to face-to-face instruction and allow us to have far greater impact on student success and retention. One new technology with far-reaching potential, which addresses multiple modalities is the use of FlipGrid to allow students, via smartphone, computer or tablet, to record and

respond to each other's short videos, practicing the language and speaking about different topics. The recent integration of FlipGrid with Canvas makes this a very accessible tool for Merritt students. In addition, we have greatly expanded our ability to both supplement class instruction and meet one on one with students during much more flexible office hours thanks to video conferencing via Zoom. One final application for Spanish instruction is the use of video feedback in the Gradebook on Canvas. This allows our instructor to model the language even while grading!

Curriculum Development

Indicate new courses to be proposed and/or historical courses to be reactivated within the next academic year (2021-2022), following the example in red. Add additional rows as needed in the table below.

Title	Description	Justification	Anticipated Effective Term
Beginning Spelunking	Introductory activity class on basic practices, equipment, and safety considerations in the exploration of caves	[Assessment data, student demand or need, academic/occupational knowledge or skills not taught in existing curricula, program requirements, community or industry partnerships, grant funding, etc.]	Fall 2022
Spanish 30A Beginning Conversational Spanish	Use of modern colloquial Spanish in conversation, and elementary grammar.	Our enrollment of Spanish students increased from 117 to 137 students over the last two years. In a recent evaluation of Span 1A, students overwhelming requested a next level Spanish course at Merritt beyond 1B.	

Indicate new programs slated for development within the next academic year (2021-2022), following the example in red. Add additional rows as needed in the table below.

Title	Description	Justification	Anticipated Effective Term
Outdoor Recreational Activities Not for the Faint of Heart	Certificate of achievement to train daredevil students seeking a lifetime of adrenaline rushes in the great outdoors. Courses include bungee jumping, rock climbing, sky diving, spelunking, and ziplining.	[Basic skills, occupational, or transfer pathways; advisory board recommendations or LMI data; community or industry partnerships; grant funding, etc.]	Fall 2022

The Curriculum Committee shall prioritize the review and approval of new courses and programs that are identified in this section of the APU.

VII. Funded Resources

For each resource allocation request from previous year's APU, indicate whether it was funded. Describe the outcomes and accomplishments for any requests which were funded.

Brief description of resource request	Was request funded? (Yes or No)	Funding Source (Specify Fund or Grant)	Total Award Amount	Outcome/Accomplishments
TYPE: Personnel - Part-time Faculty AMOUNT: \$0 JUSTIFICATION: Our data shows that the number of Spanish speaking students is growing at Merritt College, and that Latino students are the largest demographic. It seem prudent to offer more course to better suit the needs of our students, but to do that, we need to hire more Spanish instructors.				

VIII. Resource Requests

In the tables below, please add resource requests for your program for the **2021-22 fiscal year**. Indicate if the request is being made as part of the response to the COVID-19 pandemic. If you are submitting multiple requests under the same category, prioritize them by assigning a rank to each request ('1' indicating the highest priority request). Include only one request per row; if additional rows are needed, insert new rows in the table ([how to add rows](#)).
