MAYA

HENDERSON

FOR ASMC TREASURER

Greetings Students!

As a current senator of the ASMC board I would like to run for the seat of treasurer on the Associated Students of Merritt College Council. One thing I love about serving as an ASMC senator is it has motivated me to increase my grade point average and has provided me a community that has helped me to stick during hard times here at Merritt. I enjoy being part of a council that deeply cares about not only the current students at Merritt College but are truly focused on improving the atmosphere here for students to come also.

I am very passionate about the voices of our students and believe that all students should be knowledgeable about what goes on in their, OUR, school. To this point I have been known to walk the campus during events to be sure that everyone on campus is aware of events that have been hosted by both ASMC and Interclub Council. I have also encouraged students to attend council meetings so that their voices are heard and they are knowledgeable concerning Merritt College issues and events. I would love to continue to serve the Merritt community to the best of my abilities, using my current accounting skills as treasurer for the Associated Student Body.
