FACULTY SENATE SCHOLARSHIPS

Frequently Asked Questions (FAQ)

1. Where can I find an application packet?

Application packets are available online on the [Merritt College](#) and [Merritt College Academic Senate](#) websites.

2. Who can I contact for more information?

Contact Danae Martinez at dlmartinez@peralta.edu with any questions.

3. I am applying for more than one scholarship. Do I need to have a different letter of recommendation and personal statement for each scholarship?

You may have the same faculty member write your letters of recommendation, but you must attach a recommendation form and a letter of recommendation to each scholarship application. The same letter of recommendation may be used for multiple scholarships, if it addresses the different criteria for each scholarship you are applying for. For example, if you are applying for both the Courage & Perseverance Award and the Career Education Scholarship, the faculty member should complete two recommendation forms (one for each scholarship) but may attach a copy of the same letter of recommendation to each form.

You may also use the same personal statement for multiple scholarships but must include a copy with each application. We recommend that you write a personal statement that specifically addresses each scholarship criteria.

4. How will I know if I won an award? When will I receive my award?

Award winners will be notified individually by the first week of May. A list of award winners may also be published in the President's newsletter, on the Merritt College website, and on social media.

5. I won a Merritt College Faculty Senate scholarship last year. Can I still apply?

Yes, your application will still be considered, but priority will be given to applicants who have not previously be awarded a Merritt College Faculty Senate Scholarship.
