## Summer Orientations

## LIS 085

**Students:** Want to learn how to be a better researcher? Want a course that will fulfill your computer literacy requirement? Want to know how to use all the resources we have to offer? Sign up for LIS 085, a 2-unit, 8-week late start online course with 2 sections starting in the Fall! Check the online Fall class schedule for more information.

**Instructors:** As the Library continues to develop more LIS offerings, we are looking to partner with classes and programs to provide relevant library resources and services to students. If you are interested in having an embedded librarian in your class to provide information literacy training and research assistance tailored to your students' needs, please let us know. We look forward to working with you to enhance learning and teaching at Merritt.

## Local History Books

We have a new collection of local history books from Arcadia Publishing. They include titles on topics such as:

- The Oakland Fire Department
- Black Artists in Oakland
- Oakland's Chinatown
- Oakland Hills

## Chat With a Librarian

Have a research question, but can't make it into the Library? We are implementing chat reference services, called LibAnswers, in the Fall semester! All you'll need to do is go to the Library web site, use the chat box embedded in the page, and you'll be connected directly to a Librarian here in the Library.
