

Free Online Course: EDT 502 INTRODUCTION TO ONLINE LEARNING

If learning online is a new experience, this is the course for you: **Introduction to Online Learning**. Learning to learn online can be both fun and rewarding and can also lead to an interest in creating e-learning platforms – Canvas is one of the popular e-learning platforms; you might want to consider taking more advanced courses to build professional skills in creating courses online. Meanwhile, the following non-credit courses are available for intersession (5/26/2020 – 6/12/2020) and summer session (6/15/2020 – 7/23/2020). Once you complete this course, you will be able to:

1. Navigate an online course to find specific information and instructions
2. Use Canvas course tools to participate in collaborative and group activities
3. Create, find and use time management strategies to effectively participate in an online/blended course
4. Use effective strategies to conduct online research

Course Description: Online learning literacy: Basic skills required to learn online, Learning Management Systems (LMS) functions and online communication.
